

VRIS UPDATE

Mental Health Diagnosis Effective 12/16/10 Number 293

SUMMARY OF UPDATES

We have added language in 2 separate chapters to assure that consumers understand they might receive a mental health diagnosis when VR arranges and/or funds psychological testing. At any point in the VR process if staff determine a need to arrange for and/or fund psychological testing for an individual they must assure the individual understands a diagnosis might be given and record this discussion in the task notes.

VRIS POSTING

The [employment discussion](#), and [eligibility](#) chapters have been revised.

FORMS REVISED

No forms have been revised.

QUEST UPDATE

No QUEST updates are needed.

MONITORING REQUIREMENTS

No monitoring requirements.

TEAM COMMUNICATION

Office Directors should assure that all staff understand this requirement.
